NVC GIVES BACK

The JVT and NVC offices are participating with Cell Phones for Soldiers as their only local drop sites for cell phone recycling.

Cell Phones For Soldiers is a national nonprofit organization dedicated to providing cost-free communication services and emergency funding to active-duty military members and veterans.

Donate your used cell phones (working or not) and we will ship them to CPFS, who will recycle or refurbish the phones. Your donation helps deliver calling cards to connect military members with their loved ones!

STATE WRESTLING FEBRUARY 23 & 24

The State Wrestling Championship matches will air live on NVC's ch 3/601HD. Full tournament coverage will be available at trackwrestling.com.

We also donated \$200 to Safe Harbor using our T-Shirt for a Cause funds. LaVonne Walker, Office Manager with Safe Harbor, is pictured.

We're proud to support an organization that provides for others in crisis situations.

Watch our Facebook page and newsletter for programming announcements. Go to nvc.net to sign up for the eNewsletter, and to find us on Facebook go to facebook.com/nvcinternet.

GRAND GIVEAWAY

Congratulations to Sandy Rodahl who won a Google Home and four months of free Internet in our Grand Giveaway! Sandy is pictured with her husband Robert and grandchildren.

Wondering how to register? No problem, because there's no purchase or registration, just winners! Each

month we will randomly select one of our "grand" residential customers to win. Maybe our next winner will be you!

211 COMING TO BROWN COUNTY

Brown County residents will soon be able to get community information and referral services simply by dialing 211.

The FCC reserved the 211 dialing code in 2000 as an easy to remember and recognizable number. In 2017 over 46,000 calls were made to 211.

211 offers callers access to the following types of services: basic human needs resources, disaster response and recovery, mental health and health resources, employment support, older adults and persons with disabilities and children, youth and family education.

To learn more about 211 services, go to www.helplinecenter.org/2-1-1-community-resources.

DON'T MISS THE 2018 WINTER OLYMPICS

If you don't have your DVR set for the 2018 Olympics in PyeongChang, check out the full schedule at the link below to record your favorite athletes and events.

www.nbcolympics.com/tv-listings

Coverage runs until February 25 and will be featured on multiple channels including; NBC (5, 603HD), USA (33, 649HD), CNBC (107, 647HD), and the Olympic Channel (607HD).

If you're a Cable TV customer, you can also watch it on your mobile device with the NBC app after registering at watchtveverywhere.com.

CYBER SECURITY WEBINAR

We recently hosted a webinar with Security Coverage on protecting your devices with Cyber Security.

The need for security, file backup, data management and technical support has never been greater. Industry analysts forecast that there will be an average of 12 connected devices in U.S. households by the year 2020. NVC can help keep you protected.

Tools such as Tech Home Protect,

Tech Home Protect Plus, and SecureIT were discussed along with simple things that can be done to make sure your online data is safe.

You can now try Protect or Protect Plus FREE for one month! Offer expires March 30, 2018.

If you were unable to tune in or would like to watch the webinar again it will be available on our website at nvc.net/customer-care/internet-support/

For additional questions, there's another way you can get in touch with us - online with our live chat button. Go to nvc.net, and you'll see the below popup. Click on it and one of our experts will be ready to answer your questions about your NVC services.

TV UPDATES

Now is the time to join other NVC customers who have made the switch and are experiencing a new and improved TV service!

As the industry continues to change, we are committed to providing you, our customers, with exceptional products at a very competitive price.

Our interactive guide has been updated and improved, along with our DVR capabilities. You can now get Cloud DVR on all TVs. Start watching a recorded program in one room and resume watching it in another! You also can record up to 10 shows at one time. All of this for only \$17/month.

As your recordings are saved to the "cloud" and not your set top box, you never have to worry about losing them! You will have 250GB of storage and can upgrade in \$5 increments.

Also, Cloud DVR customers will receive HD service on all TVs at no additional cost! If you are an HD only customer you can still do that for only \$11/month and get HD on all your TVs!

While we understand that learning how to use a new product is not always easy, we are confident that the quality and improvements in our TV product will be well worth it. Most of the TV features will continue to work as they have in the past with several enhancements like Restart TV.

Restart TV gives you the ability to restart a program that is already in progress. If you are browsing channels and find a show you wanted to watch that has already begun, restart it and watch from the beginning. Restart Channels are highlighted by the green and white Restart icon in the Program Guide.

The new guide and Cloud DVR is just one way that NVC is committed to delivering the best service to our customers. Please call us to talk about upgrading your current system.
